Education	London Business School	London, UK
	<i>Ph.D. in Management Science and Operations</i>	2025 – 2030 (Expected)
	Sharif University of Technology	Tehran, Iran
	<i>M.Sc. in Industrial Engineering (Optimization Methods)</i>	2023 – 2025
	Sharif University of Technology	Tehran, Iran
	<i>B.Sc. in Industrial Engineering</i>	2019 – 2023
Research Interests	Methodology: Operations Research, Machine Learning Applications: Healthcare Operations, Supply Chain Design	
Selected Publications	Ali Fallahi, Erfan Amani Bani, and Mohsen Varmazyar. "Towards sustainable scheduling of unrelated parallel batch processors: A multiobjective approach with triple bottom line, classical and data-driven robust optimization". In: <i>Computers & Operations Research</i> 173 (2025), p. 106863. Erfan Amani Bani, Ali Fallahi, Mohsen Varmazyar, and Mahdi Fathi. "Designing a sustainable reverse supply chain network for COVID-19 vaccine waste under uncertainty". In: <i>Computers & Industrial Engineering</i> 174 (2022), p. 108808. Ali Fallahi, Erfan Amani Bani, and Seyed Taghi Akhavan Niaki. "A constrained multi-item EOQ inventory model for reusable items: Reinforcement learning-based differential evolution and particle swarm optimization". In: <i>Expert Systems with Applications</i> 207 (2022), p. 118018.	
Professional Experience	Snapp! (Largest platform in the Middle East) <i>Senior AI Developer</i>	Mar. 2025 – Sep. 2025
	• Developed behavioural prediction models to underpin incentive schemes for more than 2M drivers. • Developed and deployed optimization engines for call-centre workforce scheduling. • Engineered AI solutions to improve large-scale operational performance and reduce latency in customer service operations. • Built prediction models to identify multihoming drivers.	

	FLYTZI Feb. 2024 – Feb. 2025 <i>Co-founder and Optimization Engineer</i> - Co-founded a mid-mile logistics platform connecting vendors with drivers for parcel delivery. - Built core algorithms for vehicle routing and 3D parcel loading.
Academic Service	Peer Review Service Reviewer for: <i>Transportation Research: Part E, Expert Systems with Applications, IEEE Transaction on Pattern Analysis and Machine Intelligence.</i> Teaching Experience (Sharif University of Technology) 2022 – 2025 <i>Head Teaching Assistant:</i> Engineering Statistics, Engineering Economics, Plant Layout, Project Control. <i>Teaching Assistant:</i> Dynamic Programming, Operations Research I, Probability Theory, Python.
Leadership	Gamein (Gamified Education Event) 2022 – 2023 <i>Game Design and Development Team Lead</i> Led product development for a nationwide educational simulation event with over 3,300 participants.
Skills	Programming: Python, GAMS, R, SQL, $\text{\LaTeX}$, Matlab, Julia, Git Languages: Persian (Native), English (Fluent)
Honors	- Awarded direct admission to M.Sc. program (Talented Student Quota) for exceptional GPA. - Ranked in top 0.2% of the National University Entrance Exam (Konkur) among 150,000+ candidates.
